(Please be as specific as possible)

What potential environmental issues and impacts are you concerned about?

I am not overly concerned about
environmental impacts. Only the
safety of bus stops and crossings
I think the economic benefits out
weigh many of the concerns. We need
jobs in this valley. As long as safety
issues are addressed, I am for
the railroad. The railroad existed
here for over 75 years. When it was
taken out it negatively affected this
area's economy. Bring it back
it will be a positive thing. It will
bring jobs.
